

Kanav Goyal

B.Tech Computer Science, Punjab Engineering College (2023-2027)

SKILLS

Python, C++, JavaScript, PostgreSQL, Redis, React, FastAPI, Next.js, LangChain

PROJECTS

LinkForge - URL Shortener and Analytics Platform

Built a full-stack URL shortener using Next.js and Express.js with PostgreSQL for storage and Redis for caching and rate limiting. Implemented JWT auth and click analytics dashboard.

InterviewForge AI - Multi-Agent Interview Prep Platform

Building a multi-agent system using LangGraph and FastAPI that conducts adaptive mock interviews, evaluates answers using LLMs, and generates personalized study plans based on performance.

EXPERIENCE

Competitive programmer on Codeforces, solved 300+ problems.
